The link above is for the English version of the handbook. You will find the actual Information Release Form on page 39 of this version of the handbook. The handbook is available on the LAUSD web site in several languages. See below:

### **Parent Student Handbook**

Important resources and information for all District students and parents/guardians and for those considering attending the Los Angeles Unified School District. The 2010-2011 Parent Student Handbooks are now available.

**All of this can be found on the following page LAUSD web site here:**

**The Information Release Form** is the only way a parent can **OPT OUT** of having their LAUSD student son or daughter's vital information handed over to military recruiters. This vital information can include the student photo as well.

If this form is **NOT SIGNED AND RETURNED TO LAUSD** in a timely manner, your son or daughter's academic records and contact information **WILL** be made available to military recruiters. If you do not want the military to have access to your son or daughter for targeting in military recruiting campaigns, you - the parent of an LAUSD student - **MUST** sign and date this form and get it back to the

**school where your student attends.**

**This is a yearly requirement. This form is required each year a student attends an LAUSD school. If next year you do not sign and return this form to the school where your student attends, they can and likely will be harangued by the unrelenting approaches of military recruiters both on and off the school campus, including phone calls to your home and or personal cell phones.**

**If your student does not come home with the actual handbook in their little hands, you might ask them if they've been given it and if so, have them bring it to you. The schools are required to make them available but do not necessarily hand them out to each and every student. In the past, I have seen full boxes of these handbooks just sit there on the floor of a classroom and are not passed out to the students.**

**So if you cherish your privacy and that of your child's at home or in public and do not wish for them to be harangued by military recruiters, you MUST sign and date this form and get it back to LASUD school administrators each year your student attends an LAUSD school.**
