

Introducing...

The OpenBookcase:

Let Your Books Be Read

Features include...

- Custom recommendations
- Shelf history tracking
- Information on your favorite authors
- Sell items in a snap!
- Membership in an online community
- Reading reminders
- Support for Music and Video media
- Tag anything you like and track it!

The OpenBookcase requires an internet connection to function. RFID tags must be attached to items intended to be tracked. RFID tags are sold separately for 50 cents to \$1 dollar depending on desired functionality. 2 year warranty available in from select vendors. Any unauthorized repairs or removal of modular components will result in a void of warranty. If unit overheats, it may release toxic gases. In such a gas please call the fire department as soon as possible and notify your doctor of any respiratory difficulty that occurs in the next two weeks.
